Ex-officio Member Seyferth serving as the finance director for the DDA went over the changes to the refuse agreement. A 4.5% increase from last year – the same as in the rest of the City. Allocations for individual businesses/residents in the DDA did not change.

Chairman Koch asked if there we were able to research Board Member Buth’s question about having the trash contract go out to bid or keeping with the current contract.

Ex-officio Member Seyferth noted the last time official action was taken on the contract was in April of 2019 to renew. There had been discussions, but no action directing staff to seek additional bids. Staff

looked into different options. Through this research it was determined it wouldn't be practical to bid for a separate contract until the City's contract was up as both were negotiated as a whole.

Motioned by Board Member Slater with support from Board Member Du Pilka to approve the refuse contract extension for 2020-2021 and the rate allocations as presented. Roll Call Vote, all voted affirmatively. Motioned carried.
